

TINT the RANGE

TINT the RANGE offers a wide selection of quality prescription/non-prescription safety eyewear and custom molded hearing protection. TTR products are appropriate for the shooting sports as well as for industrial and personal safety needs. TTR founder, Beck Houpt, is dedicated to fitting clients with proper safety options through in-person mobile clinics.

**McKeesport Sportsmen's Association is pleased to host
Becky Houpt and TINT the RANGE
Monday, February 12, 2024.**

The TTR mobile clinic will begin at 6:00 PM, immediately prior to our 7:00 PM meeting. TTR will remain on-site during our meeting and a limited number of fittings can be done at that time. TTR will, however, return to our clubhouse for additional fittings at a date that will be announced at the meeting.

TTR accepts cash or credit cards.

If you anticipate being fitted for prescription eyewear you can bring a copy of your prescription with you, or you can email or text the prescription to TTR after your order is placed.

If you have questions regarding TTR products or the fitting process prior to February 12 you may contact Becky Houpt:
412-327-9218 or tinttherange@gmail.com
